EDUCATION

IILM University
Bachelor of Technology CSE
CGPA: 7.78

Greater Noida, India
August 2023 - July 2027

EXPERIENCE

Edunet Foundation (AICTE) | AI ML intern

June 2025 - July 2025

Built an Employee Salary Prediction model using Python and Scikit-learn, focusing on data preprocessing, supervised learning, and model evaluation.

IILM University | SCOP Member

Greater Noida, India | May 2025 - Present

Selected as a core member of the Student Committee for Organizing Placements (SCOP), assisting in campus placement activities, coordinating with recruiters, and supporting students in their placement journey.

Collaborate with faculty and industry professionals to streamline placement drives and improve student preparedness.

Google Developers Group | Marketing & Sponsorship Lead

Greater Noida, India | September 2024 - September 2025

Assisted in securing 5+ sponsorships that contributed to a 30% increase in event funding, while promoting GDG events across digital platforms to drive a 25% boost in outreach and brand visibility through targeted marketing strategies.

SKILLS

Programming Languages: C, Java, Python, HTML, CSS, Javascript
Libraries/Frameworks: Scikit-Learn, Pandas, Numpy, Matplotlib
Tools / Platforms: Github, Linux, Bash, VS code, Vercel, Netlify
Databases: SQL, MongoDB, Supabase, Neon, Firebase

PROJECTS / OPEN-SOURCE

Meetlog | Link

HTML, CSS, JavaScript, Node.js, Neon (PostgreSQL)

Developed a full-stack meeting management and logging platform that enables users to create, organize, and maintain records of meetings. Implemented backend APIs using Node.js and Express.js for handling meeting data and user authentication, with MongoDB used for persistent storage. Designed a responsive interface using HTML, CSS, and JavaScript to allow users to efficiently create, edit, and retrieve meeting logs.

NIDS using ML

Python, Scikit-Learn, Pandas, Numpy, Matplotlib, Streamlit

Developed a machine learning-based intrusion detection system to identify malicious network traffic. Performed data preprocessing and feature selection, and trained a Random Forest model achieving 96% accuracy using Python and Scikit-learn for effective cyber-attack detection and improved network security.

CERTIFICATIONS

- Machine Learning Expert - Tutedude.
- Claude in Action - Anthropic Academy.
- Gen AI Job Simulation(BCG) - Forage.
- Deloitte Cyber Job Simulation - **Forage**
